Intense Pulsed Light Hair Removal

IPL (Intense Pulsed Light) uses light energy to disable the hair root without affecting the surrounding area. The range features a key switch and access code for maximum security on all models.

Salon IPL Pro Hair Remover™

long term hair removal

SALONPRO™ is clinically proven to remove hair safely and effectively at home. Placed against the skin, pulses of intense light are delivered directly to the hair follicle with enough energy to disable the root without affecting the surrounding area. IPL is fast, gentle and delivers permanent hair reduction.

MODEL: IPHR2-COM

- ▶ up to 150,000 bulb flashes on level 1
- ▶ Professional performance 38 joules
- ▶ largest treatment area
- ▶ replaceable treatment bulb
- ▶ triple pulse technology

Laser Hair Removal

You can now enjoy the benefits of permanent laser hair reduction without expensive salon treatments. Lasers deliver an intense beam of light to the hair follicle with enough energy to permanently disable the root without affecting the surrounding area. The result is permanent hair reduction.

GO Laser™ Hair Remover

Laser hair removal for face and body hair

GO LASER™ hair removal works by sending a laser beam to the hair follicle with enough energy to destroy the root without affecting the surrounding area. The result is permanent hair reduction. Simple to use, laser hair removal is suitable for unwanted face or body hair. Just plug in and Go.

MODEL: LAHH

- ▶ compact and simple to use
- ▶ permanently disables hair root
- ▶ treat up to 60 hairs* in a few seconds
- ▶ 808nm pulsed laser

YES™ Laser Hair Remover

permanent hair reduction

YES™ Laser Hair Remover works by sending a laser beam to the hair follicle with enough energy to permanently disable the root without affecting the surrounding area. The result is a permanent hair reduction. YES automatically scans the skin, treating up to 60 hairs in just a few seconds or alternatively targeting individual problem hairs. With an advanced LCD display, permanent hair reduction is now easier than ever.

MODEL: LAHC6

- ▶ LCD Display
- ▶ treats up to 60 hairs* in a few seconds
- ▶ clinically tested
- ▶ 808nm pulsed laser
- ▶ permanent hair reduction

Home Laser Hair Remover™

target-and-treat technology

Innovative 'target-and-treat' technology pinpoints individual hairs by sending a laser beam to the hair follicle with enough energy to permanently disable the root without affecting the surrounding area. The treatment takes just 4 seconds and results in permanent hair reduction.

MODEL: LATW-C

- ▶ suitable for facial and body hair
- ▶ 4 second treatment
- ▶ 808nm pulsed laser

Electrolysis Hair Remover™

simple and easy hair removal

Electrolysis Hair Remover™ uses micro-current technology to destroy the hair root and reduce future hair growth. Unique tweezer action automatically retracts to remove unwanted hair quickly and easily.

MODEL: CNHR2

- ▶ ideal for all hair types
- ▶ unique tweezer action

Precious Legs™

stubble free, silky smooth legs

Microdermabrasion both exfoliates the skin and removes unwanted hairs as close to the surface of the skin as possible, ensuring the result is as smooth as silk. Precious Legs™ avoids both the nicks and cuts of razors and the painful plucking of mechanical epilators. It is so simple it can be used for daily touch-ups.

MODEL: SAHR3

- ▶ no nicks and cuts
- ▶ no painful plucking
- ▶ use on any length of hair
- ▶ microdermabrasion disks included

Total Body Waxing

the one kit that does it all

Rio Total Body Waxing contains everything you need for fuss-free body waxing at home including a compact wax heater. Suitable for precision waxing even sensitive areas, such as the bikini and face, the convenient kit comes with a step-by-step DVD for salon style results at home. The set includes Salon Hard Wax as well as Deluxe Soft Wax for waxing arms and legs. It is also suitable for male waxing areas such as the back or chest.

Quick Waxer™ Hair Remover

salon style waxing at home

Warmed up and ready to use in under 5 minutes, the salon hard wax removes even the shortest of hairs quickly and efficiently without the need for messy strips. Ideal for use on sensitive areas such as the upper lip, eyebrows and bikini line. Salon hard wax sticks to the hair and not the skin, making hair removal quick and easy.

MODEL: QWAX

- ▶ rapid heat up time
- ▶ no strips required
- ▶ ideal for all hair types
- ▶ ready to use in under 5 minutes

Deep Pore Cleanser™

fresher, healthier looking skin every day

Deep Pore Cleanser™ uses micro-current technology to cleanse, moisturise, and refresh, leaving the skin invigorated, vibrant and deeply cleansed. This ultimate skincare regime features four treatments: Deep Cleanse: dirt and grime are purged from the skin. Preparation: the skin is prepped for optimum moisturising. Moisturising: enhances hydration of the skin. Refresh: pulsed micro-current stimulation to invigorate and refresh.

MODEL: CESO2

- ▶ 4 treatments
- ▶ gentle facial cleansing
- ▶ micro-current technology

Ultrasonic Facial™ instantly smoother skin

Ultrasonic Facial™ combines two facial beauty treatments to help cleanse, firm and revitalise the skin, improving the absorption of skin serums deep into the epidermis. The cleansing treatment delicately exfoliates with tiny ultrasonic vibrations removing dead skin cells and dirt from deep within the skin, while the second uses a high frequency programme to help pump the collagen serum into the skin and target fine lines and wrinkles.

MODEL: FASS2-NC

- ▶ 4 treatments
- ▶ ultrasonic cleansing
- ▶ ultrasonic sonophoresis
- ▶ 25,000 vibrations per second

Available in a range of colours:

Hydra Masque™

a reviving micro-current facial

Hydra Masque™ uses galvanic salon technology for a complete facial rejuvenation treatment. Used with the Intense Therapy Mask, the treatment tightens, tones and lifts facial and neck muscles to help combat the natural signs of ageing.

MODEL: FCRL

- ▶ salon galvanic technology
- ▶ 3 treatment masks
- ▶ LCD display
- ▶ smooth the appearance of fine lines and wrinkles

Galvanic Wand™

maximise your skin care

Galvanic technology has been used in salons for many years as a powerful tool for holding back the signs of facial ageing. Galvanic Wand incorporates two facial treatments, a cleansing treatment and an infusion treatment.

MODEL: GWWD2

- ▶ retinol infusion
- ▶ rejuvenates skin tone
- ▶ two facial treatments
- ▶ LCD display

Wrinkle Lift™

targeted galvanic wrinkle treatment

Wrinkle Lift delivers micro currents to help treat the appearance of fine lines and wrinkles. The micro currents are delivered through micro needles directly along the wrinkle. The resulting galvanic action helps pump the active ingredients into the bottom of the wrinkle.

MODEL: WRLT

- ▶ 3 treatment heads
- ▶ targets fine lines and wrinkles
- ▶ galvanic infusion of anti-wrinkle serum

Skin Revive™

naturally reduces the appearance of fine lines and wrinkles

Uses photomodulation with a 633nm red light source to naturally rejuvenate the skin. The targeted red light source boosts natural collagen production in the skin to help improve skin texture and elasticity.

MODEL: LITE

- ▶ promotes collagen production
- ▶ targets fine lines and wrinkles
- ▶ rejuvenates skin tone

Skin Clear™ for a clearer complexion

Uses blue and red light technology to manage mild to moderate acne, reducing both outbreaks and skin inflammation. The blue light directly kills the primary bacteria involved in acne (*P. acnes*), while the red light helps to reduce inflammation and stimulate the healing process.

MODEL: LITE2

- ▶ uses proven red and blue light technology
- ▶ kills *P. acnes* bacteria
- ▶ reduces inflammation
- ▶ reduces outbreaks

The Q-Acne advanced blue light treatment system eliminates the acne-causing bacteria beneath the surface of the skin to clear existing acne and help prevent future outbreaks. The treatment takes just a few minutes, is gentle and suitable for all skin types. Q-Acne offers a clinically proven, easy to follow, confidence boosting solution for mild to moderate acne.

' Visibly clearer skin
